Roblox uses multiple methods of advertising. They first started advertising on websites like Nickelodeon, but they have moved to focusing on social media sites like Facebook and Twitter.[66] Roblox also primarily advertises at gaming conventions such as E3 and Minecon. Roblox has an official YouTube channel on which they occasionally stream live events called "Developer Live", where Roblox employees give sneak peeks of upcoming features.[67] They have also recently released a list of YouTubers that are apart of their Developer Program called the "Roblox Ambassador Program". These YouTubers are able to test new features in Roblox before anyone else with the exception of Google employees.

ROBLOX runs a no-sell policy that allows for players to earn "robu\$tokens" or Robux. These tokens can be used to both purchase games, games from other users, and in-game items. It also serves as a way to gain currency for in-game purchases such as buying more slots, which helps players advance faster in the game.

On October 10, 2010, Roblox replaced their old homepage with a new one. It was also released as part of an update and it was later applied on January 26, 2012. The old design was later removed from the website. A redesign of the website would be released on February 23, 2014. With this new redesign, Roblox added a news feed to the site and went back to the old design before October 2010.

Rated 5 out of 5 by Anonymous from All time favorite Roblox is the best game ever! I've been playing it since 2008 and have made hundreds of friends I still talk to today. It always has new updates, and the staff is pretty cool. I definitely recommend this game to all ages!
